1 다시 쓴 이야기(원문 아님): Charles Dickens, “A Christmas Carol” (1843). 1·2부를 읽고 스크루지의 거절 장면과 변화 장면에 밑줄을 그으세요.

Part 1

It was Christmas Eve in London. Ebenezer Scrooge, a rich businessman, sat in his cold office counting money. His clerk, Bob Cratchit, worked beside him with a very small fire, because Scrooge did not want to pay for more coal. Bob earned little money, and his young son, Tiny Tim, was sick. Two gentlemen came in and asked Scrooge to give money to help poor people at Christmas. Scrooge refused. He said that the poor could go to the prisons and workhouses, which his taxes already paid for. When the men answered that many poor people would rather die than go there, Scrooge showed no pity.

Part 2

That night, the ghost of Scrooge's old business partner, Jacob Marley, visited him. Marley was wrapped in heavy chains that he had made by caring only about money, and he warned Scrooge that three spirits would come. The first spirit showed Scrooge his lonely childhood and the young woman he lost because he loved money more than her. The second spirit showed him the poor Cratchit family enjoying a small but happy Christmas dinner. The third spirit showed him a future in which Tiny Tim had died and no one was sad about Scrooge's own death. On Christmas morning, Scrooge woke up a changed man. He became generous and kind, and he helped the Cratchit family.

3 다시 쓴 이야기(원문 아님): Kate Chopin, “The Story of an Hour” (1894). 이야기를 읽고 S10·S11의 질문에 답하세요(우리말 가능).
맥락 카드: 1890년대 미국: 여성은 대부분의 주에서 투표할 수 없었고(1920년에 전국에서 가능해짐), 많은 사람이 결혼한 여성의 역할은 남편과 집을 돌보는 것이라고 생각했다.

Louise Mallard had heart trouble, so her sister told her the news very gently: her husband, Brently, had been killed in a train accident. Louise cried, then went to her room alone. She sat by an open window and looked at the blue sky and the spring trees. Slowly, a new feeling came to her, and she whispered that she was free. She knew she would cry at the funeral, because her husband had always been kind to her. But now she could live the rest of her life for herself. When she walked downstairs, the front door opened. Brently came in, alive. He had been far from the accident. Louise fell and died. The doctors said that her weak heart could not take the great joy.
